Good evening!

I am a cadet at the Air Force Academy who hosts the podcast "For the Zoomies" where I interview officers about their experience in their AFSC in order to gain a better understanding about what jobs and opportunities are out there. I understand this topic might be a bit of a reach for high schoolers, but I believe its never to early to have somewhat of an idea of what you want to do when you grow up (I only figured out last year through this podcast!). If you could please share this resource with your cadets it would be greatly appreciated, and feel free to shoot me any questions if they arise, thank you!

Also, if you have any cadets interested in attending the Academy and they have questions, feel free to connect them with me and I'll do my best to help them out.

Thank you, C2C Cormier, what a helpful resource. I will make this available to all of our cadets here at San Jacinto High School.

Best Regards,
